

Oberon Investments Group Plc
(“Oberon” or the “Company” or the “Group”)

Appointment of Senior Manager

Oberon Investments, the Mayfair based Investment Management boutique, have announced the arrival of former atomos Wealth Portfolio Manager, Harry Finster.

Over his seven years at atomos Wealth, Harry worked with, and advised on, a large portfolio of private clients. During his tenure, Harry’s core responsibility was to build discretionary risk-adjusted investment portfolios for UK and Overseas businesses, charities, trusts and families. He has experience working with clients directly and with professional contacts to support holistic financial planning and accounting services. He holds particular expertise in managing inter-generational wealth transfers for clients.

Harry started his career at financial planning firm, Helm Godfrey Partners Limited, and uses his experience in financial planning and investment management to construct tailored long-term investment strategies for his clients.

CEO Simon McGivern added ‘Oberon Group continues to attract top quality individuals to its investment teams and Harry, who is highly regarded within our sector, is another fantastic addition to the company. His dedication to client service reflects the philosophy of Oberon and we are delighted to welcome him onboard’

Harry was recently announced as one of Citywire’s Top 30 under 30 Wealth Managers of 2023, a program that showcases the best young talent coming through the wealth management industry.
